Surya Rao Rayarao

SS&C Technologies, Lead Software Engineer

Surya Rao Rayarao is a distinguished thought leader at the forefront of artificial intelligence and data modernization. With deep expertise in machine learning applications and enterprise transformation, he specializes in helping organizations navigate the complex landscape of digital evolution.

His work particularly focuses on the financial and insurance sectors, where he has pioneered innovative approaches to hyperautomation, anomaly detection, and intelligent data processing. Through his speaking engagements, Surya shares practical insights on implementing AI solutions that drive real business value.

Known for his "enlightening" and "inspiring" presentations, Surya combines technical depth with accessible communication, making complex AI concepts understandable for diverse audiences from technical teams to executive leadership.
